Said determination is deemed final; it is not subject to appeal or protest, and it will remain confidential to the parties. If the problem persists, the Offending Team will forfeit the game. Also, the Manager, along with the offender will be ejected. B. Disciplinary Actions

1. Ejections

- a. Only Umpires who are on the field, Board Members who are on field duty, and any Executive Board Member who may be on the field, are authorized to eject a Player, Manager, Coach or Spectator from the field or game.
- b. The ejected person, regardless of who that may be, must leave the playing field immediately, stay completely clear from the field, dugouts, bleachers, or any other area where spectators could be in attendance, but no closer than the streets surrounding the field location and remain out of sight and sound for the remainder of the game. Failure to do so can result in an immediate ejection of the offending Team's Manager, forfeiture of the current game, and the possibility of disciplinary action from the Board of Directors. Ejected people will automatically be suspended from his/her next scheduled game.
- c. Ejections may be appealed to the Board of Directors under Article II, Section B, Item 3.

2. Suspensions Resulting from Ejections

- a. Any Manager, Coach, Player, or Spectator who has been suspended as the result of an ejection must remain clear of the field, dugout, bleachers, and spectator

areas in which their Team is playing for the duration of the game. Violation of this policy will result in the offending Team's Manager being ejected and immediate forfeiture of the current game and the suspended person(s) may not be brought before the Board of Directors for further action, if necessary.

ARTICLE III – MANAGERS AND COACHES

A. Managers

1. Selection Process

- a. All people interested in becoming a manager must have their application (all managers) submitted to the Board of Directors no later than the date posted on the league website. All applicants must complete an EGSA and USA Softball background check, and EGSA Code of Conduct letter, and USA Softball SafeSport.
- b. Managers will be considered based on their experience, past performance, league involvement and the ideals of EGSA.

2. Duties and Responsibilities

- a. The manger is the primary link between the Team and the league. The manager is responsible for money collected by the team, league equipment, Team/Parent discipline, and general support of the league.
- b. The manager is fully responsible for all personnel under his/her authority in all matters pertaining to the Eastvale Girls Softball Association.
 - i. Disciplinary actions shall be taken by the Manager when deemed necessary and shall be immediately reported to the Player Agent in writing withing twenty-four (24) hours.
 - ii. If a player is benched during a game, for reasons other the general substitution, the opposing Manager and the Official Scorekeeper must be

immediately notified. The Player Agent must then be immediately notified in writing after the game and within twenty-four (24) hours.

3. **Deals** – No deals are allowed between parties of any Team. This includes Managers and Coaches of opposing teams, regarding the rules, eligibility, field conditions, or any other matter relating to a game. The penalty is forfeiture of the current game by both teams.
4. **Pre-Game Field Preparation** – Both Managers (Home and Visiting) are responsible for preparing and breaking down the fields. Fields must be ready by game time, or the time used to finish the preparation of the field will be subtracted from the scheduled game time. All rules pertaining to the start of games are in full effect and are not subject to field preparation or the lack thereof.
 - a. EGSA will provide a batter's box template, chalk, string, marker, infield sweeper, and water to assist in preparing fields prior to game start times.
 - b. Volunteers are always needed to assist the Managers during field preparation.
 - c. Dugouts must be left clean by both Teams. Managers must make sure that all trash in the dugouts, field areas and bleachers is collected. The penalty for failing to follow this rule is suspension of the Manager for the next scheduled game.

B. Coaches, Team Parents, Volunteers

1. EGSA is always looking for coaches. Team parents and general volunteers; all are encouraged and welcome to apply.
2. All coaches, Team parents and any other volunteers having direct interaction with the players of EGSA will need to apply for their desired position. All applicants must complete EGSA and USA Softball Background checks, and an EGSA Code of Conduct letter, and USA Softball SafeSport. This is required annually.

C. Petitioning to Play up

1. Players requesting to play up must attend assessments for both their age-appropriate division and the division they are petitioning to join.
2. If a player has played up during a season, they are no longer required to petition to play in that division and may continue to participate at that level.
3. A manager cannot lock a player who is petitioning to play up for the first time.
4. A manager may not take on a management role with the intent of having their child automatically approved to petition to play up in a specific division.
5. Any player petitioning to move up a division must be selected within the first three rounds of the draft to qualify for placement in that division. If the player is not selected within those rounds, they will remain in their age-appropriate division.

D. Player Evaluation

1. In January for Spring and August for fall, all players in all divisions (*except Tball & 6U*) must participate in a player evaluation. The specific dates for the evaluation will be posted on the League website at the start of the registration process.
2. Participants will be assigned an evaluation number for tracking purposes.
3. Players must attend one (1) evaluation. The Managers, within their respective divisions, will evaluate all the players on their fielding, hitting, throwing, running, and pitching skills. Pitcher and Catcher Assessments will also be included during the assessments to identify Impact Players.
4. Players not able to attend the evaluation date(s) will be drafted as a “hat pick.”
5. The Board of Directors will supervise the evaluations.

E. Team Formation

1. The Board of Directors will determine the number of teams formed based on the total number of players registered in each respective division and the projected number of Impact Pitchers available.
2. **Pitcher Evaluations** – All players who wish to be pitchers must participate in the pitching evaluation. The player will throw several pitches, as requested by the Managers. **Impact Pitchers** are defined as those players who demonstrate exceptional pitching skills and depth of experience who can make a difference in the outcome of a game. Impact Pitcher (*#1 and #2, if available*) will be determined by the Managers at the end of the pitcher evaluation process. Only players who participate in the pitching evaluation will be allowed to pitch during the season, including locked players with Exception 1:
 - a. **Exception 1:** Manager that a received a “Hat Pick” or have developed pitchers during the season to pitch must contact their Division Player Agent for an evaluation for the player to be considered eligible to pitch. If the Player Agent feels that the pitcher could have been considered an Impact Pitcher, they will not be able to pitch for the season. If the Player Agent feels that the player has been “developed” into a pitcher, the player will be considered eligible to pitch. This rule is to prevent and player from “Sandbagging” and disrupting the parity of the league.
 - b. Evaluations will be held up to 1 time during a season on a date specified by the Umpire in Chief (UIC)
3. **Catcher Evaluations** – Catchers will be asked to catch the pitchers that are assessing, and they will be asked to make throw downs to second base. Impact catchers will be determined by the managers at the end of the catcher evaluation process. Catchers must be assessed as a catcher to be drafted in the catcher round.

4. **Locked Player Draft Process** – All coaches must agree on the locked player draft positions following the final assessment. A meeting at the pitcher's mound may be used to finalize these decisions. Once confirmed, the list will be shared with the Player Agent. Once this is complete, we will move forward and complete the draw for the draft order.

F. The Draft

1. The Managers will meet and draft players until each player is selected, which will be determined on draft day. The Player Agent (for each respective division) will oversee the draft and record the results.
2. The drafting order will be based on a blind draw that will be held during make-up assessments. To make the process of the draft more balanced, EGSA has adopted the “snake” draft, where the order reverses each round. *(ex. Round 1: Manager 1 picks first – Manager 8 picks last. Round 2: Manager 8 picks first – Manager 1 picks last)*
3. **Player Freezes and Pitcher Limit Policy:**
 - a. Each Manager is allowed to “freeze” their own daughter(s) and one (1) assistant coach’s daughter(s). The Player must be the biological or legally adopted daughter(s) of the Manager or Coach, be a legal dependent under guardianship, reside in the same household as the Manager or Coach (proof of shared address required).
 - b. The assistant coach whose daughter(s) is frozen must attend at least 80% of ALL practices and games throughout the season. If the coach fails to meet this requirement, the manager will be held responsible. As a result, the manager will lose the ability to freeze that coach or player in the following season. Additionally, the assistant coach’s daughter(s) will not be eligible to be frozen by any team next season.
 - c. Each team may have a maximum of two Impact Pitchers only. *(The only exception is when a division does not have the same number of Impact Pitchers as Teams; no Team will be allowed to freeze more than one (1) Impact Pitcher in this case).*
 - d. No team may designate or retain more than one primary pitcher (P1). Each team is permitted to roster one P1 and one P2, however, no team is allowed to lock in or carry two players as P1 pitchers.
 - e. All frozen players and sister options will be evaluated by the division Managers for the draft round selection prior to the draft. The round selection will be pitcher, catcher or defensive round 1,3,5,7,9 depending on impact compared to total division players.
 - f. When a Manager drafts a player with a sister, the sister becomes the Manager’s automatic pick in the round that has been pre-determined by Article III, Section 3, Rule D. Should the pre-determined round selection be filled by a “freeze”, the sister shall default up or down one (1) round based on the manager agreement.
 - g. If the Manager does not have a child to freeze, said manager will pick in their designated draft order.

- h. Daughters of Managers will not be eligible for the draft; they will be frozen to parents' team. The only exception would be if the parent chooses to manage a team that does not include his daughter.
- i. Carpool draft picks are not considered a "freeze" player upon draft. If managers need carpool players, they shall plan in their draft process to secure those players to the best of their ability.
- j. After the last round of the draft, the Teams are FINAL. No trades are allowed unless authorized by the Player Agent for Team parity. Trade is only allowed round for round.
- k. 6U Division: See Division rules for separate draft rules.
- l. Prior to the draft commencement, the Manager will be informed of player requests. Player requests will be considered but not guaranteed.

4. Post Draft

- 1. Managers must maintain the original drafted number of players on their teams. They must notify their Player Agent if they lose a player.
- 2. If a player resigns from a team, the player is not permitted to join another team for that season.
- 3. If a team loses three (3) or more players after the mid-point of the season, the Board will decide within three (3) days on action to keep the team solvent.

- 5. **Post Assignment** – Each team will have more than twelve (12) players in a season and no less than ten (10) players, except for T-Ball and 6U. EGSA will adhere to this requirement in Spring.

ARTICLE IV – TEAM RULES

A. General Rules

- 1. An adult female (woman aged 18 or older):
 - a. Shall be present at all Team activities and must always be inside the dugout during games.
- 2. The Home Team will occupy the third (3rd) base dugout.
- 3. All practices must be held at EGSA sanctioned practice fields.
- 4. No Team is permitted to practice more than two (2) times per week for a total of four (4) hours. Teams may hold a third practice by one of the following situations only:
 - a. Hold a practice game with a team that already has a scheduled field.
 - b. Holding batting practice at an authorized batting cage. Authorized batting cages are the cages at any public batting cage that carries liability insurance. EGSA can assume no liability for practices or batting cage sessions held on private property or non-sanctioned fields.
 - c. Only extra practices scheduled by the UIC are allowed. If, and only if, the total practices meet the two allowed in total.

5. Players must attend all practices and games. The manager must notify their Player Agent if a player misses two (2) or more consecutive unexcused practices. The manager then has the right to bench the player from the next game.
6. The Home Team can provide a Scorekeeper, but our EGSA scorekeepers will be considered the official game scorekeeper.
7. Both Managers must inspect and sign the official score card at the conclusion of a game to attest to the final score. These score cards must be checked carefully. Once signed, the score card becomes official, no exceptions. Any discrepancies must be resolved prior to signing. Failure to sign the score card will result in the score being accepted as official by that Manager.

B. Equipment

1. The manager is responsible for all EGSA equipment used by their team. The Manager must account for all EGSA equipment when returned at the end of the season. Managers may be responsible for the replacement cost for lost or damaged equipment.
2. Teams must have a first aid kit in their possession at all practices and games. The league will provide one (1) first aid kit to team moms prior to start of season.
3. Batting helmets shall be used for batting, base running, warming up in on-deck circle, and by players who are base coaching. Helmets must always be worn until the player returns to the dugout. For league play, EGSA requires that all batting helmets be equipped with face masks. For tournament play, USA Softball requires approved helmets and face masks which are indicated by the “NOCSAE” stamp built into the face mask during its manufacture. “NOCSAE” is an acronym for the National Operating Committee on Standards for Athletic Equipment.
4. All bats shall be official softball bats or those allowed by USA with the ASA stamp on them. A metal bat should be free of burs, cracks, or sharp edges. No T-ball bats are allowed. (For T-ball ONLY)
5. Teams are allowed to use only one (1) coach bucket to call pitches. Bucket must be at the opening to the dugout, off the dirt whenever possible and always occupied or must be removed.

 - ii. Every pitcher that pitches in a game must be reported to the Official Scorekeeper.
 - iii. A pitcher is allowed 9 or 12 outs (*depending on division*). This means that once a pitcher records a total of 9 or 12 outs (*depending on division*), no matter how many innings it takes, they must be removed from the pitching position for the remainder of the game. (*The outs do go against the pitcher’s count, so it’s important for coaches to keep track during the game. Walks, hits, and errors don’t count toward the 9 outs, but any official outs (strikeouts, groundouts, flyouts, etc.) do.*)

- iv. If the pitcher pitches more than the allowed out that sad team automatically forfeits the game.
- v. If there are not enough pitchers in addition to the impact pitcher, there will be no limit on outs.

7. Defensive Fielded Players

- a. 6U – Defensively field all players, moving players every inning.
- b. 8U – Ten (10) players will field, using six (6) infielders and four (4) outfielders. Two (2) coaches will be allowed in the outfield during the first four (4) weeks of the season. After that, no coaches will be allowed on the field while the team is on defense.

- b. All sweatshirts must have a visible player number.

9. Jewelry: No jewelry can be worn during practice or games. NO Exceptions. If piercing cannot be removed, the player shall not return to games until it has been removed.

10. Cleats: Players shall wear molded rubber cleats for games. Metal spikes are allowed for the 14U/HS division.

11. Lineup: Only players listed on the official lineup card are eligible to participate in the game. Teams will bat Round Robin that will include all players, listed by jersey number, last name and first initial. Additionally, pitchers and catchers must be clearly identified on the lineup.

12. Sitting: No player can sit out of the inning more than two (2) innings until all players on the lineup have sat out at least one inning.

13. Short Players: Games may start and finish with only eight (8) players. A team with less than eight (8) players shall forfeit. This is known as the **Short-handed Rule** which is in effect for all divisions except Tball. Managers can play with eight (8) players without penalty. See exception 2 below:

- a. **Exception 2:** A team that has seven (7) players can pick up one (1) player from their age division or lower to be their 8th player or an extra player from the opposing team. The 8th player must take the defensive outfield position and be listed last on the lineup card. If their missing players' reasons are due to injury, medical, or out of town, no penalty for each time the vacant position appears.

14. **Courtesy Runners:** There will be no Courtesy Runners, except for pitchers & catchers. Courtesy runner to only be used to relieve a player that is injured while on base or at bat. If the home team has a lead in the bottom half of the inning, the score at that time will remain. If the home team is behind in the score, the inning will be nullified and the score of the previously completed inning will be the final score of the game.
17. **Shortened Games:** The judgement of Jurupa Community Services District (JCSD) or ranking Board members shall determine when games should be called due to field conditions, such as weather/darkness. Upon proper notification, the game will immediately end. To be considered complete, a shortened game shall play a minimum of two (2) complete innings. Games will be rescheduled by an EGSA official only.
18. **The Look-Back Rule (excluding 6U)** – In softball, runner must stay on the bases until the ball is released from the pitcher’s hand. The Look Back Rule forces runner onto a base so the next pitch can be thrown and provides a means to avoid time-consuming “cat and mouse” games on the base paths that distract from regular play. The Look Back Rule is triggered when the pitcher has control of the ball in the pitcher’s circle and is not attempting to make a play on a runner (including a fake/threatened throw):
- Any runner stopped on a base must stay on the base; and
 - Any runner not on a base must immediately either advance toward the next base or return to the previous base.
 - Any subsequent change in direction or stop by the runner while off the base will result in the runner being called out, so long as the pitcher does not attempt to make a play.
19. **Hit by Pitch** – When a pitched ball that is not swung at nor called a strike touches ANY part of the batter including the hands or clothing, the Umpire (at his/her discretion) may award the batter first base. If no attempt is made to avoid being hit, the batter will not be awarded first base unless it is ball four.
20. **Mercy Rule**
- Inning #3 – The team is fifteen (15) runs ahead.
 - Inning #4 – The team is twelve (12) runs ahead.
 - Inning #5 – The Team is eight (8) runs ahead.

3. Base Distance is 50 feet.
